## Indexers Are The Genealogist's Best Friends

**The January 31 2005 newsletter is our first web-site newsletter.** Visit our monthly newsletter, and about 5 years of back issues (this is started and will take a few months to finish), on our host web site at [www.AuSableOscodaHistoricalSociety.org](http://www.AuSableOscodaHistoricalSociety.org). Our link is located on the bottom of their second page:

- **To read** a newsletter, click the link to the Huron Shores Genealogical Society's Newsletters, and then select the year/month of the newsletter you want to read.
- **To search** all the newsletters for a specific word, words, or phrase, go to the very bottom of second page to the search engine, and enter your query. For a SIMPLE SEARCH always select the "select all words" option, and also include HSGS as one of the words. For a PHRASE SEARCH select the "phrase" option and do not use HSGS as a word.

The search engine is hosted by Alonzo Sherman's web site [www.sherman-roots.com](http://www.sherman-roots.com). Some Historical Society & Sherman site hits may be included with your newsletter search results, just ignore these. Newsletter file tiles are the best clue that a hit is a newsletter, as they are numerical and configured the same- Year/Month eg 2004'12 for December 2004. By contrast the Historical Society & Sherman file names are mostly alphabetical.

Most of the time during trial runs the Historical Society & Sherman hits were rather small in number for both the simple or phase search. In the design of this system we accepted this search inconvenience. Because our whole newsletter site is hosted by existing sites, and it is free. And free is good enough!

Tips: The search engine used is like a most library search engines, and considers a hit when all letters (left to right) in the search term is found. For example "dog" will return dog, dogs, doggies, dogwood etc. A person can print a hard copy of any newsletter from this site for about 25¢ on a home computer.

The HSGS's officers hope you enjoy the additionally benefits this systems brings, as well as the savings of \$600-700 dollars a year for printing and postage costs. The officer's believe the advantages of this system far out weighs the disadvantages. After you try the new system for a few months please let us have your comments.

**HSGS Web Site.** <[www.rootsweb.com/~usgenweb/mi/iosco/3501hsgs.htm](http://www.rootsweb.com/~usgenweb/mi/iosco/3501hsgs.htm)> is the address for our HSGS's indexes on the Internet. The search engine for this site, or all of Michigan or any of the other Michigan's counties is [www.rootsweb.com/~usgenweb/mi/search.htm](http://www.rootsweb.com/~usgenweb/mi/search.htm). We currently have (January 31 2005) 749 indexes, 19,807 printed pages, & 936,745 names indexed. The file size is about 530MB. All these files are on HSGS's CD, but only 92% are on the web site (does not include new indexes within the last month, draft indexes not yet finished, & a some random data corrections). The status of all indexes is as follows:

**HSGS Members can now include an index of their person genealogies** on the HSGS's CD and web site. Members must agree to the format specified by HSGS and must respond to all inquiries made by patrons about their index: HSGS will not explain or interpret the indexes to patrons. Two sites have been established in the folder ZGE; (1) Sherman Pioneers In MI (File ZGE-Sherman) by Alonzo J Sherman and (2) Birnbaum Collection (file ZGE-BirnbaumCollection) by Charles R Birnbaum. HSGS Members interested in adding their family history index should contact Alonzo Sherman at [Shermanaj@hotmail.com](mailto:Shermanaj@hotmail.com) for details.

**Michigan Historic Cemeteries Preservation Guide.** This is a new book in the Parks Library, check the card catalog for the call number.

**Everton To Go Online!** The Everton Genealogical Library is a vast, invaluable collection of books, manuscripts, records, newsletters, pedigrees, etc. - previously unavailable to the vast majority of genealogists and family researchers - but that is being made available to people around the world, online. Check out the Everton website <http://www.Everton.com> for further details! (Everton Weekly Newslines Dec 31 2004).

**Preserving Family Heirlooms.** The following are sources where you can buy materials to preserve your heirloom items: [www.gaylord.com](http://www.gaylord.com), [www.lightimpressionsdirect.com](http://www.lightimpressionsdirect.com), & [www.universityproducts.com](http://www.universityproducts.com). (Kalamazoo Valley Genealogical Society Newsletter, v29n4p1 Jan 2005).

**Where Do I Go From Here?.** To receive a professional email consultation on your research snags log onto <http://myancestorsfound.com/research.htm>, cost \$30. Everton's professional researchers will take your query and suggest where to go in your search for the best results. You can either do the work yourself, or let their qualified team of experts do it for you. (Everton's Weekly Newslines, 1-28-2005).

**AOL to Pull the Plug on Newsgroup Service.** AOL members who read genealogy newsgroups will soon need to look for a new provider. AOL has announced that it will pull the plug on Usenet newsgroups in February. (Dick Eastman Newsletter, January 26, 2005).

**BYU offers Free & College Credit Genealogy Courses Online.** Brigham Young University in Provo, Utah, is offering free family history and genealogy online courses. The courses available range from military record research to France, German and Scandinavia ethnic research, about 30 courses in total.

The online courses usually feature about four lessons and are quite easy to use. These courses are good for both beginners and for experienced researchers who wish to brush up on their skills. You can set your own learning pace, choose when and where you want to study, view a wealth of online resources and have the advantage of discussing the course topics with other enrolled students. The free courses are for your personal studies or just to add insight to an area of interest. These courses are not for credit.

However, the University also offers several online genealogy courses for college credit, including certification in family history. The certificate requires six three-hour college classes. The cost of each is about \$360, which makes the total cost of the certificate about \$2,000.

For details on the free online classes, go to <http://home.byu.edu>. On the left side of the Web page, click on courses online, then click on free Web courses. For the college credit genealogy courses, visit the same Web site at <http://home.byu.edu>, click on courses online, then university courses, and finally history. (Dick Eastman Newsletter, January 23, 2005).

**HSGS's Keyponchers Honor Roll.** Indexes partially or totally completed from Oct 7 1992 thru Jan 10 2005 by 33 volunteer keyponchers. Indicates for each person the number of indexes created, the number of printed pages in the indexes, and the number of names in the indexes. See the next two pages.
